The Dominican John of Cora
says that in 1330 there were more
than 30,000 Nestorians in the Chinese
empire and that if they were only
willing to live in harmony with
the friars and other Christians in the
country, both the people and their
rulers might be converted to the true
faith. As it was, all traces of

characteristic is a riped out on the course
of the mingling, and when at
last the pack appeared in the scene
the work of organization had to be
begun again.

In China alone Genghis Khan's soldiers systematically butchered 40 million people to make room for animal herds.

The Mongols held Budapest and were knocking on Vienna's door when Genghis Khan died.

The hour became our modern
hour. i.e. each equal to the
next. - one of 24 equal parts of
a day. This new "DAY"
included the night.

The first clocks did not have dials
or hands at all. They did not need
them, since their use was simply
to sound the hour.
